

FOREST RE HAS COMBINED EXPERIENCE OF OVER 25 YEARS OF FORESTRY INSURANCE AND RISK MANAGEMENT EXPERTISE WITHIN THE TEAM. THIS EXPERTISE IS FREQUENTLY CALLED UPON BY MANY KEY PLAYERS IN THE FORESTRY INDUSTRY AS WELL AS FROM INSTITUTIONAL INVESTORS AND GOVERNMENTAL BODIES ON A TRULY GLOBAL BASIS.

ForestRe

Together with Lloyd's of London and ForestRe, we are able to (exclusively in Canada) work with you in the design of Insurance and Reinsurance products and solutions for forestry and tree crops worldwide. ForestRe can provide global cover for many perils and major catastrophic events including:

- ✓ Fire
- ✓ Lightning
- ✓ Explosion
- ✓ Aircraft
- ✓ Wind, Cyclone and Tornado
- ✓ Hail, Frost, Snow and Ice
- ✓ Earthquake, Landslide and Flood
- ✓ Strike, Riots, Civil Commotion and Material Damage (SRCCMD)
- ✓ Firefighting costs

ForestRe provides significant underwriting capacity for:

- ✓ Pulp and Paper Corporations
- ✓ Forestry management organisations
- ✓ Forestry Investment funds
- ✓ Timberland investment schemes (TIMO's)
- ✓ Real estate investment trusts (REIT's)

Natural forests are also insured and will be managed under the Reducing Emissions from Deforestation and Forest Degradation (REDD) initiative or other sustainable forestry initiatives.

This document is intended only as a summary of the coverage provided under the ForestRe insurance product and is subject to the actual terms and conditions of the insurance arranged by Simmlands Insurance Services Ltd. and underwritten by certain underwriters at Lloyd's.
